Thank you for your assistance!

**Dates:** Wednesdays, 2/21 & 3/21 at 6:15 pm and Saturdays, 2/17 & 3/17 at 10:00 am and 2:00 pm.

**Don't be Fooled! Lakes Region Scholarship Foundation Applications are due by April 1st!**

Lakes Region Scholarship Foundation applications are now available online via our website at: [lrscholarship.org](http://lrscholarship.org). You can either fill them out on line and email them to us, OR print out a copy and mail them. The final deadline for filing an application is April 1, 2018. You can also get a copy from the guidance offices at area high schools, or by calling 603-527-3533.

We also have a few unique scholarships that are exceptions to our usual application process. The first is the Annalee Thorndike Art Competition Scholarship. This is available to high school seniors planning on majoring in art related fields. Another exceptional scholarship opportunity is the John F. Mullen Memorial Essay Competition award. The Mullen award requires students who compete to write an essay that describes an experience that has made a difference in the student's life, with an emphasis on a change in attitude, behavior or ambition which this experience might have caused in them. We also have two special awards available to students going into a construction related field, sponsored by the Lakes Region Board of Builders and Remodelers. This past year the Gilmanton American Legion Auxiliary Stockwell award added their scholarship to our family. This is also an essay competition, open to students from Gilmanton, NH. Please check our website [lrscholarship.org](http://lrscholarship.org) for the specific requirements of these generous awards.

**DON'T MISS  
THE DEADLINE!**

During the cold winter months, broken pipes sometimes occur after the water in them has frozen. Water expands as it freezes, and if the water is trapped inside a pipe with no escape, the expanding ice will cause the pipe to burst. Cracks may appear along the length of a pipe or joints may break away. A burst water pipe can release thousands of gallons of water causing a great deal of damage to your home.

Water in pipes can also freeze even if the house is heated. For example, freezing can occur when pipes run through an unheated attic, garage or crawl space. All may be well during the day when water is in frequent use,

since the constant flow keeps bringing in warmer water. However, at night, when the water is not moving and the temperature continues to drop, those pipes can freeze.

The Water Department has responded to numerous cases of frozen pipes this winter and the sooner we can contact property owners the better off they are. Please help us help you by providing us with emergency contact information. The form below can be completed and faxed to us at (603) 528-5964, or you can [click here](#) to fill out and submit the form on-line. Providing this information will allow us to update our records to reach you in an emergency.

Thank you for your prompt response. For your protection we will not share your information with any outside organizations.

# NH Humane Society

Over a century of love for those without a voice.

## Pet of the Week: Trevor

Trevor is only just one year old and already has quite the story to tell. Originating in South Carolina, Trevor is acclimating to our New England winter with not a bother at all.

He's got those big ears that make him look like he wants to take flight, but really they are all the better to hear you with when you call his name and spend quality time with him. We adopted him out but his new doting owner realized after three months, that work time and "Trevor Time" were not compatible.

Young Trevor has been enjoying canine enrichment and rehabilitation here at New Hampshire Humane Society. He is anxious and really doesn't want to be alone. Although barely out of puppyhood, he would blossom in some confidence building/socialization classes with other dogs where he can make canine friends appropriately. We offer such classes at NHHS.

Of course anyone would be smitten with his unusually marked coat, but look past that and see in those big brown eyes a dog that needs love and companionship, structured play and exercise in a home that will keep him engaged. Are you that someone?
