## Short-Term Rentals in the City of Laconia

City of Laconia officials, along with those in many other New Hampshire communities, have been discussing the issue of short-term rental properties. At a recent City Council meeting, the Mayor introduced a proposal for the Council's consideration to regulate the rental of these types of properties within Laconia. Please click [here](#) to read the proposal.

This issue has been referred to the City Council's Government Operations and Ordinances Committee for discussion at a meeting scheduled for March 25 beginning at 6 pm in Laconia City Hall, in the Armand A. Bolduc City Council Chamber. Everyone is welcome to attend this meeting and provide input and comments. Proposals for regulation of short-term rentals are a work in process, and there will be no vote taken at this meeting.

A CONVERSATION WITH ROBERT AZZI**

Thursday, March 21  
6:30pm  
Laconia Rotary Hall

Robert Azzi is an Arab-American Muslim who grew up in Manchester, NH. After college, he embarked on a career as a photojournalist, traveling extensively throughout the Middle East and beyond photographing wars and conflicts wherever they occurred. Recent efforts to ban immigrants from Muslim countries from entering the United States compelled Azzi to begin a personal effort to share his faith with people interested in knowing more about Islam and the Muslim faith.

Azzi speaks about his life, what it's like to be Muslim in America, how he came to convert to Islam, about the religion of Islam and its history - especially in America - and about the Middle East, terrorism and associated political and social issues. He speaks not as a scholar or academic but as a neighbor, fellow citizen, and person of faith.

Azzi has been a Nieman Fellow in Journalism at Harvard University, a member of the Leadership Council of the Harvard Divinity School, an advisor to Tufts University's Fletcher School committee on Islam and South-West Asia, and is a board member of ACLU-NH. In November 2018 Azzi was honored as the recipient of the 2018 Nackey S. Loeb School of Communications' First Amendment Award.

# BE A POSITIVE ROLE MODEL

Laconia School District

Office of  
School  
Wellness

Research shows that when it comes to alcohol and other drugs, children are likely to model their parents' behaviors – both healthy and unhealthy ones.

Your attitude about drugs and alcohol can also influence your child's attitude about drugs and alcohol – and have an effect on his/her future behavior. Here are 3 ways that you can be a good role model for your child.

**If you choose to drink alcohol, consume small amounts with a meal or for a celebratory occasion.**

**Don't become intoxicated in front of your child.**

**Drinking alcohol in excess around your child or using illicit drugs increases the likelihood they will develop alcohol or drug problems.**

**When it comes to prescription drugs, be sure to follow the instructions properly. Do not use leftover prescription drugs in your house for casual, non-medical use. It's also important not to share your prescription medications with other family members or friends.**

**Be sure to dispose of unused prescription drugs properly.**

**Don't save prescribed medications for when they may come in handy, use it later without a doctor's consent, or share the medications with others.**

**Children learn behavior by observing their parents' behavior. That means your child picks up on the way you cope with stressful situations and how you manage your emotions. When you are overwhelmed, try exercising or using other stress management techniques in order to teach your children that they do not need to drink or use drugs to cope with life's problems.**

# From the Planning/Zoning Department...

## Think Twice Before Buying Easter Chicks

With Easter coming soon, you'll be seeing ads for Easter chicks. Aww...aren't they cute? However, the City considers chickens, even the cute little chicks, to be livestock and NOT pets. In most areas of the City, livestock including chickens, are not allowed to be kept on the property.

Chickens, ducks, guinea hens, pigs, goats, and other agricultural animals are not permitted in most districts in the urban/suburban districts in Laconia. Agriculture and agricultural animals are permitted in the RR1 (Residential Rural), RR2 (Residential Rural Corridor) and AI (Airport Industrial) districts. In the CR (Commercial Resort) district, agriculture and the animals typically associated with agriculture are only allowed by Special Exception granted by the Zoning Board of Adjustment. If you're not sure what zoning district you live in, check your tax card on the City website or call the Planning office at 524-1264 to find out.

A good idea is to keep your chick purchases to the pink marshmallow kind!

## Pet of the Week: Minky

Since October this utterly precious 7-year-old beauty has been staying with us, waiting ever so patiently for you to come and take her to her forever home. Minky came to us when her previous caretakers could no longer care for her and her two sisters due to a move. This girl has been through a lot of ups and downs in her relatively short life and deserves a stable home to get her groove on and show just how cool it is to be a cat. She is sweet, timid and shy, or like any good cat, discerning. Once Minky warms to that right human you will find that she's got the perfect cat class and cat style with her sassy proud walkin' jingle in the midnight sun attitude. Minky's deep soulful green eyes are the kind you'd like to melt into for a thousand years and still want to share more life with this sweet feline.

Check out a video of this sweet girl [here](#).

### TED Talk: How Dogs Love us, March 26

Emory University neuroscientist Gregory Berns had spent decades using MRI imaging technology to study how the human brain works, but a different question still nagged at him: What is my dog thinking? TED is a nonprofit organization devoted to spreading ideas, usually in the form of short, powerful talks (18 minutes or less). TED began in 1984 as a conference where Technology, Entertainment and Design converged, and today covers almost all topics — from science to business to global issues — in more than 100 languages.

## *Pianist Paul Dykstra in Concert, March 24*

Taylor Community's 2019 Concert Series, sponsored by Bank of New Hampshire, continues Sunday, March 24 at 3 p.m. with Pianist Paul Dykstra.

This event will be held in Taylor's Woodside Building and is free and open to the public.

Dykstra will present music by Beethoven, Chopin and Strauss. This is the seventh season for the concert series, which provides free first-class musical programs in various genres for both Taylor residents and the local community.

## *Monument Men Part III, March 27*

Witness the rich and tumultuous history behind our nation's Shrine of Democracy in this stunning new documentary series. Chip into the history of the men whose faces are sculpted and the men who sculpted them in this seven-part chronicle containing detailed biographies and virtual tours of Rushmore and the Crazy Horse Memorial.

Wednesday, March 27 at 2 p.m. in Taylor Community's Woodside Theater, we highlight Abraham Lincoln. This free event is open to the public, but reservations are required by calling Brenda at 366-1226.

A champion of the American Union in its darkest hour, Lincoln's unbreakable faith in the U.S. and his role in ending slavery earn him a place on Mount Rushmore.

## *Lecture with Author John Tuohey, March 25*

"...but few are chosen," is the story of three boys coming of age in the mid-1950s. Growing up in working class Irish Catholic neighborhoods in the north-east U.S., they are desperate to escape lives of loneliness, petty crime and violence. At 13, ready to enter high school, they each come to the same decision to enter a seminary. The book chronicles Mike, John and Ollie's fears and frustrations, hopes and dreams while they proceed on their unique path to adulthood.

Join us Monday, March 25 at 6:30 p.m. in Taylor Community's Woodside Building as John Tuohey, one of the three authors of this book, presents a lecture about this story.

Tuohey retired as a Lieutenant Colonel from the US Army Reserve. He was a Registered Nurse for 47 years, 34 as a nurse practitioner, working mostly in emergency departments and urology. Since retirement, he has traveled throughout the United States, camping in national parks and riding his bicycle in all the contiguous states and Hawaii. He is married with five grown children.
