Dear Mr. Myers:

The New Hampshire Division of Forests and Lands is planning to harvest timber from 73 acres of the Huston-Morgan State Forest in the city of Laconia, New Hampshire. Attached is a location map of the planned harvest for your reference.

Wesley Anderson, director of public works, will be contacted, as this harvest will require transportation of forest products over town roads.

We are in the early stages of planning this harvest which we do not anticipate offering for public bidding until fall 2021. At that time you will be notified as to the timber volume sold and the successful bidder who will be responsible for payment of the timber tax.

If you have any additional questions or comments, please contact the forester in charge of this project, Robert Hardy, or Regional Forester Michael Powers at (603) 796-2323. Please refer to project P2-481.

This letter is in compliance with RSA 541-A: 39, Notice to Municipalities. We would appreciate it if you would post this letter in a public place. Thank you.

Sincerely,

William Guinn, Administrator
