NH State Library Talking Books

The Talking Books Program exists to meet the reading needs and interests of New Hampshire residents who are physically unable to see, handle or process printed material comfortably.

Borrow the easy-to-use audio player and get books through the mail. Or listen anytime on your mobile device and many e-readers.

BARD is available for those who would like to download books. BARD is a collection of over 50,000 audio books and magazines and braille materials available for eligible readers to download. The collection is added to daily. The recent contracts with commercial audio book producers for book copies will be in addition to the 2,000 titles produced each year by NLS. Also to be added in the near future will be local and regional books produced by network libraries across the country.

**Contact the Outreach
Librarian for more

The Talking Books Program is funded in part by the Institute for Museum and Library Services (IMLS) through the Library Services and Technology Act (LSTA).
